

Altimatia, L.L.C. Invention Disclosure

Inventor Information

Inventor Name:

Street:

City:

State:

Zip Code:

Citizenship Country:

Daytime telephone:

Evening telephone:

Mobile telephone:

Fax number:

Social Security Number:

Are there other inventors?

Did other people help reduce the invention to practice?

Current Patent Status

Have you filed prior patents covering aspects of the invention?

Dates?

Have you filed for a patent in a foreign country?

Dates?

Do you wish to seek patent protection in foreign countries?

If you do not wish to seek foreign patent protection, do you want to withhold publication of the U.S. Application?

Public Knowledge

Has the invention been (note all that apply and indicate the date):

On Public Display?

In Public Use?

Been Orally Presented?

Been Published in Print?

Offered for Sale?

Developed with SBIR money?

Do you intend to publish or offer the invention for sale in the near future? (Indicate Date)

Will the sale be for experimental use purposes?

Altimatia, L.L.C. Invention Disclosure

Details of the Invention

The invention is (Circle all that apply):

A Machine

An Article of Manufacture

A Composition of Matter

A New Process or Method

A New use of known composition

An Improvement

A Business Method

A New Software System

Title of the Invention:

Federal Funds or grants involved?:

Technical classification (if known):

What problem does the invention solve?

Describe the solution in 25 words or less. (Use back of page if necessary)

What are the novel features of the invention?

How is the invention non-obvious compared to prior work:

Has the invention been reduced to practice?

Examples of the invention:

Are there other uses for the invention?

Ownership

Who owns the invention?

Do you have an employment agreement with your employer?

Does your employer own everything you invent?

Do you have an obligation to assign the invention to your employer?

Have two witnesses, who aren't relatives and who've signed a confidentiality agreement, sign the form to provide backup for proof of date of invention.
